Anti-Communist Provision Of Taft-Hartley Law Upheld By Court

Special Federal Court Panel Gives Ruling On Issue

Ruling Also Declares Communists In Key Labor Jobs Threat To National Interest

DECISION MADE IN SUIT BY C.I.O.

By CHARLES B. SEIB
(U. S. Staff Correspondent)

WASHINGTON, April 13.—A special federal court panel ruled today that the anti-Communist provision of the Taft-Hartley law is constitutional and declared that Communists in key labor jobs are an "imminent threat to important national interests."

The majority opinion held that Congress was justified in deciding that "communist influence on labor relations was a clear and then present danger to the national welfare and security."

Ruling by 2-1 Vote

The court's ruling was by a 2-1 vote. Justices W. K. Miller and Bolitha J. Laws upheld the anti-Communist section of the labor law, with Justice E. Barrett Prebman dissenting.

Miller and Laws took unusually frank judicial notice of the world struggle between Russia and the western democracies. They declared:

Pa News Observes

Trout fishermen, eagerly awaiting the opening of the trout season, are not enthusiastic about the heavy rains of the present period. High water stages in the streams are not conducive to good fishing.

Numerous motorists are finding the site of the new city hall a good parking spot these days. The off street parking aids the motorists in keeping their fenders and other parts of their cars intact.

Preliminary ground work preparatory to the erection of the World War II monument on the court house lawn has come to a standstill, evidently until the monument is ready to be raised. Work of inscribing the names on the monument is under way by the contractor. A good foundation of stone was found at the site on which to place the marker.

With the many oldtimers and visitors to be attracted to the city during the sesqui-centennial celebration in July, it would make a big improvement on the public square to have all the monuments scrubbed down with chemicals or other materials. Pa. News feels that the city and board owners should both work together in improving their properties during the coming days.

If Monday's rains had not abated when they did, several highways in the county would have been inundated, according to Alfred Martin, county superintendent of highways. Several streams were on the verge of leaving their natural course and covering the roads.

A new wrinkle in house numbering is in vogue in various sections of the city. Several homes have illuminated figures which makes it very easy to find the houses late at night.

Thursday is the final day Pennsylvania motorists can use their 1947 license plates. Many cars still carry the old tags. Ohio motorists were given no respite and were required to carry their new plates on April 1.

Nebraska Primary Today Hailed As Test For G. O. P. Aspirants

OMAHA, April 13.—(INS)—Nebraska voters ballot today in a state-wide primary widely hailed as the nation's first showdown test of all leading Republican presidential aspirants.

An estimated quarter of a million voters are expected to go to the polls with the weather ranging from cloudy throughout most of the state to a few light showers in the northeast quarter before noon.

Today's balloting, however, will be largely in the nature of a popularity contest. The primary results will be advisory to, but not binding upon, 15 delegates to the Republican National Convention and 12 delegates to the Democratic National Convention.

Interest Centers
Most interest is centered on the Republican presidential race between seven of the nation's leading aspirants to the G. O. P. nomination for president.

They are Sen. Robert A. Taft of Ohio; Harold E. Stassen, former Governor of Minnesota; Gov. Thomas E. Dewey of New York; Gen. Douglas MacArthur; Sen. Arthur H. (Al) Capper of Kansas; and Sen. Charles McNary of Oregon.

Bombers Flying To Germany From Base In Kansas

(BULLETIN)

WASHINGTON, April 13.—(INS)—The Strategic Air Command announced today that B-29 bombers are en route from Salina, Kans., to Fürstentum, Germany, on what was described as "a routine training flight."

Air force spokesmen said similar Superfortress flights are planned to Japan, Asia, and the Caribbean to indoctrinate bomber crews in techniques of long-range, over-water operations.

The flight is one of the largest peacetime mass movements of B-29's and military observers pointed out that it reflects the stepped-up air defense program decreed by officials in charge of the nation's security.

Want F.B.I. Letter On Condon Loyalty

(BULLETIN)

WASHINGTON, April 13.—(INS)—Members of the House Un-American Activities Committee suppressed their campaign today to obtain a demand by the entire House that Commerce Secretary Harriman release an FBI letter on the loyalty of Atomic Scientist Edward U. Condon.

Rep. Thomas (R) N. J., committee chairman, and four members of his group, will go before the House Commerce Committee in a locked door session to speed action on a formal resolution calling on Harriman to give up the letter.

The document was written by J. Edgar Hoover, chief of the Federal Bureau of Investigation regarding the "associations" of Condon, who is director of the National Bureau of Standards.

First Marshall Plan Shipment Is Being Loaded

(BULLETIN)

WASHINGTON, April 13.—(INS)—Paul G. Hoffman, economic cooperation administrator, announced today that the first shipment of relief supplies to Europe under the Marshall plan is being loaded aboard a ship at Galveston, Tex.

Hoffman said that the vessel is the first of five ships to be loaded with 9,000 long tons of wheat within the next 10 days for France.

SEEK IDENTITY OF TRUCK DRIVER

State police, at Oak and Ray street, today were seeking the identity of the driver of a truck whose vehicle was involved in a wreck with a Packard automobile on West Pittsburgh highway, March 31 night. They would like the operator of the truck to report to them as soon as possible.

STRIKE HALTS WORK

ALBUQUERQUE, N. M., April 13.—(INS)—Construction work at the Army's Sandia Base special weapons project east of Albuquerque was at a standstill today because of a strike.

The walkout began with 33 carpenters yesterday established a picket line after a wage dispute.

Registration Limit 26 Years

(BULLETIN)

WASHINGTON, April 13.—(INS)—The senate armed services committee voted unanimously today to exclude from registration for the draft or universal military training anyone 26 years of age or older.

Chairman Gurney (R) S. D., announced the decision and said that his committee further agreed to postpone any other action until it has received Defense Secretary Forrestal's final recommendations on requirements under a 70-group air force program.

Plan Funeral For Mother Of Henry Wallace

DES MOINES, April 13.—(INS)—Funeral services for Mrs. Henry C. Wallace, 80-year-old mother of the third party presidential candidate Henry A. Wallace, have tentatively been set for tomorrow at Des Moines.

The widow of a former cabinet officer died at her Des Moines home last night from complications caused by her advanced age. Four of her six children were at her bedside.

The family announced that the services will be private and, requested that no flowers be sent. Mrs. Wallace had been in critical condition for the past several days following a series of strokes. She lapsed into a coma early yesterday and a member of the family said she had not recognized any of her sons or daughters for several hours previously.

OPEN BANK CREDIT HEARINGS

WASHINGTON, April 13.—(INS)—The congressional economic committee called Federal Reserve board member Marriner Eccles today as it opened a new series of hearings on bank credit.

Sen. Taft (R) Ohio, committee chairman, said chances for legislation for bank control credit are "not very great" but "conceivable." The hearing, he added, will be aimed primarily at long term policies.

Taft said the hearings probably will stretch out over three or four weeks.

Says Colombia Revolt Work Of Reds Of World

Secretary Marshall Places Blame For Bloody Revolt On World Communism

"UPRISING WAS WORLD AFFAIR"

By JOHN A. REICHMANN
(U. S. Staff Correspondent)

BOGOTA, Colombia, April 13.—Blame for the bloody weekend Colombian revolt was placed directly on world communism today by United States Secretary of State Marshall.

Marshall issued a forthright declaration summing up events which interrupted the Inter-American conference and brought death to almost 1,000.

The U. S. Secretary of State declared flatly that the uprising in Colombia is "a world affair, not merely an American or a Latin-American affair."

Of Communist Origin
By this he meant that he considered the revolt was of Communist origin.

Without mentioning communism by name, Marshall said the uprising was of "the same definite pattern which provoked strikes in France and Italy and seeks to pre-empt the situation in the Italian elections April 18."

Marshall first made his statement to delegates to the disrupted Pan-American parley and then repeated his words to correspondents in the riot-torn and arson-ravaged capital of Bogota.

The U. S. delegation to the conference announced meanwhile that sessions should continue in Bogota unless the situation becomes worse. The Marshall statement was the first United States official pronouncement linking the revolt which began Friday with Russian Communist world maneuvers to defeat the Marshall aid plan for Europe and any other extension of U. S. world associations.

Hard Coal Miners Return To Work

WILKES-BARRE, Pa., April 13.—(INS)—Anthracite coal production returned to normal today as a week-long strike of more than 35,000 miners came to an end.

The back-to-work movement was general throughout the hard coal fields with the exception of 150 men at the Philadelphia and Reading Coal and Iron Company's Knickerbocker colliery who did not join the movement.

More than 600 miners in the Panther Valley area returned to the pits in line with an order from the Panther Valley general mine board.

The Lehigh Valley Coal Company, the Philadelphia and Reading, the Glen Alden Company and smaller operators reported normal production.

The number seven mine of the Susquehanna Collieries, reopened today as 1500 workers reported for duty.

DIVORCE AGREEMENT

PALM SPRINGS, Calif., April 13.—(INS)—Reports he has reached a divorce agreement with Miss Arline Judge were confirmed today by tipster heir Henry (Bob) Topping.

Topping, however, would not confirm reports he is to marry screen star Lana Turner this week nor would he disclose the settlement with Miss Judge. The settlement has been reported at \$110,000.

More Local People Are In Strife Torn Bogota

NEW WILMINGTON, April 13.—Developments in the revolution at Bogota, Colombia, are of great concern to Rev. and Mrs. George Sowash, Waugh avenue, for their son, Geoffrey and his family, and their daughter, Mona, a teacher in the New Castle schools now on leave, are in the strife torn city.

Geoffrey Sowash, a son, is an official of the Secony-Vacuum Oil Co. Miss Sowash has been in Bogota for the past several months and in a letter received by her family a few days ago she stated the city was all agog over preparations for the Pan-American Conference at which General George Marshall was scheduled to appear.

Some of Customs
In the same letter, Miss Sowash wrote interestingly of the customs of the inhabitants of Bogota. She said:

Mother Kills Four Children And Self

PITTSBURGH, April 13.—(INS)—Police reported today that a young mother, who had been under treatment for a mental disturbance for months, shot and killed her four children and herself last night.

Dead were Mrs. Margaret Louise Morcroft, 32, Gilbert E. Jr., 10; Susan Toy, 7; Douglas Cunningham, 3; and eight-month-old Nancy Hughes.

The bodies were discovered by the husband, Gilbert E., Bellevue borough solicitor at 1:55 this morning.

All five of them had been shot in the right side of the head. The children were in beds.

After an investigation by county detectives and police, Coroner William D. McClelland said he was convinced Mrs. Morcroft shot the children and then herself.

Police believe the shooting occurred about 11:30 p. m., but they were unable to determine the sequence of events. They believe, however, that Mrs. Morcroft shot the oldest children first.

The family physician said that Mrs. Morcroft had been disturbed mentally since the birth of the baby.

Expert Pistol Shot
Police said Mrs. Morcroft was an expert pistol shot. In 1936, she was a member of the championship rifle and pistol team at Carnegie Tech.

To Probe Failure To Warn Of Red Plans In Bogota

WASHINGTON, April 13.—(INS)—A three-man house committee was named today to investigate why the American delegation to the Inter-American conference at Bogota was not warned of impending revolutionary activity in the Colombian capital.

Rep. Hoffman (R) Mich., chairman of the group, named himself, Rep. Brown (R) Ohio, and Rep. McCormack (D) Mass., to conduct the inquiry.

Coal Operators May Take Pension Plan Into Court

WASHINGTON, April 13.—(INS)—Soft coal operators said today they will go into federal court to challenge the pension plan which halted the month-old strike of John L. Lewis' 400,000 miners.

The mine owners, outraged by the plan pushed through by House Speaker Martin (R) Mass., for settlement of the walkout, declared it is only a question of time when they will seek court action.

They indicate that it will come after Lewis has been tried in federal court in Washington tomorrow for contempt in ignoring an order to call off the walkout a week ago yesterday.

Lewis ended the strike Monday but the terms of the agreement were nearly as he had proposed with regard to pensions for his mine workers.

Fourteen Injured In Plane Crash

Three Of Injured Critically, C-46 Plane Carried 29 Occupants In China Flight

SHANGHAI, April 13.—(INS)—Fourteen men were injured but all 29 occupants of a U. S. Marine Corps C-46 escaped with their lives today when the transport plane crashed and burned at Shanghai's Kiangwan airfield.

Three of the injured were pronounced in serious but not critical condition.

The plane was carrying 25 passengers and four crewmen when one of its engines began to vibrate and expired shortly after the craft took off for what was to have been a routine flight to Tsingtau.

The pilot, Maj. Burnette A. Kempton, Jr., tried to land, but the plane struck rough soil outside the strip and cracked up. All the occupants managed to get out of and away from the craft before it caught fire. The plane's co-pilot was First Lt. Gene Badgley.

Pan-American Day Plans Made For Wednesday

Wednesday, April 14, is Pan American Day and over the country the day is being observed by meetings, programs and other forms of marking the amicable relations of the United States with the neighbors below the border.

Here in New Castle the day will be marked in a number of schools with programs but no formal observance will be held throughout the city. The idea of marking the day locally was worked up by Richard Stevens, a senior high school student who is interested in foreign relations.

Alfred Tessian was appointed chairman by the Greater New Castle Association with Mr. Stevens as the honorary co-chairman. Mr. Stevens has done considerable work in the matter and has accumulated a lot of literature upon Central and South American countries.

WATCH FLOOD CONDITIONS

HARRISBURG, April 13.—(INS)—The governor's emergency disaster committee today kept a close watch on "high water" at the headwaters of the Juniata river and the west branch of the Susquehanna river, swollen by five days of intermittent rain.

Present conditions have the makings of floods only if augmented by heavy rain, according to Hugh J. McNeill, director of the committee.

Near-flood stages exist at Clearfield and Renovo on the Susquehanna and at Altoona on the Juniata, he reported.

Highway Safety Personal Matter

Annual Highway Accident Toll Equally To Eighty-Seven Iwo Jima Battles

Highway Safety is entirely a personal matter, Sgt. R. A. Blythe, of the public relations department of the Pennsylvania State Police told local Rotarians at their noon luncheon meeting in The Castle-ton, Monday noon.

Enforcement, engineering, and education are the three E's of highway safety, by which it is hoped to reduce the terrible accident toll in Pennsylvania, Sgt. Blythe stated.

Pennsylvania is the only one of the entire 48 states which suspends a driver's privileges for 90 days on conviction of speeding for a first offense. When the order to get tough went out a few years ago, strict enforcement resulted in the savings of 600 lives in Pennsylvania.

Better engineering has not proven effective, though he stated. He cited the Pennsylvania Turnpike, which has been called the dream highway of the future, but which has the highest accident record of any 160-mile stretch of highway in the state.

Responsibility must be placed where it belongs, he stated, which is on the shoulders of the individual drivers. Education is a practical approach and safe driving courses are now being given in 80 of the state's highways. In Bradford, a record has been kept of the graduates of the safe driving course, and of over 700 who have completed the course, only one has been involved in a driving mishap.

No Major Contest In Illinois Primary

CHICAGO, April 13.—(INS)—Some 1,500,000 voters are expected to ballot today in the Illinois primary in which there is no major contest.

Chief interest is centered on the outcome of the Progressive party's appeal to third-party backers to stay away from the polls. Only those who do not vote today will be eligible to sign a petition to place the Progressives on the November ballot.

The party, which is backing Henry A. Wallace's presidential candidacy, failed to get on the primary ballot despite a state supreme court decision that it be recognized in Cook county. Frantic appeals for a court order forcing the election commissioners to print third party ballots failed for lack of time.

Back To Work Movement In State Is Slow

West And Midwest Mine Areas Of Nation Report Many Mines Operate

EXPECT SPEED UP IN RETURN NOW

By WILLIAM FLANNERY
(U. S. Staff Correspondent)

PITTSBURGH, April 13.—Western Pennsylvania's soft coal miners today failed to stage a general back-to-work movement despite settlement of the pension dispute which was responsible for their 30-day walkout.

A check of the mines this morning showed that only one of every five miners in the Pennsylvania bituminous field reported to their jobs.

Return In Midwest
In the west and midwest, however, most of the diggers streamed back to the pits, and in the Pennsylvania anthracite field, production returned to normal.

A check of a number of western Pennsylvania mines this morning showed that only 10,000 out of 56,000 had returned to work.

The Western Pennsylvania Coal Operators Association reported that at least 26 mines employing 10,000 men had resumed digging with approximately 75 per cent of the miners reporting.

None of the Fayette County area mines of H. C. Frick Coke Co., a U. S. Steel Corp. subsidiary, resumed operations, and Jones & Laughlin Steel Corp. reported that its vesta and Shannopin mines were still idle.

Urges Miners To Return
Scores of meetings were scheduled throughout the western Pennsylvania area today by United Mine Workers. UMW officials were reported urging miners to return to work as soon as possible.

Many other locals were reported to have held meetings last night but refused to vote. Opinion expressed by rank and file miners is that they will stand firm until contempt charges against Lewis is settled.

John P. Busarello, UMW District 3 president, said he expects about 35 or 40 per cent of the miners in the Pittsburgh area to return to the pits today.

Michael Honus, secretary treasurer of Uniontown District 4, said he expected the "situation will clear up in a few days."

Return To Work
At the same time, some 3800 day shift workers at six Peabody Coal Co. mines in Central Ill., were reported back in the pits in full force. Company officials said they expected operations to be near normal today.

Miners had returned to work at (Continued on Page Two)

Flood Stage At Pittsburgh

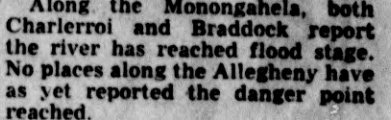

PITTSBURGH, April 13.—(INS)—Heavy rains today caused the Allegheny and Monongahela rivers, at their junction in Pittsburgh, to rise above flood stage to 26.35 feet, the Pittsburgh Weather Bureau reported.

The flood stage for Pittsburgh is 25 feet. The rivers are expected to crest at noon today at 26.5 feet, a foot and a half above flood stage.

Along the Monongahela, both Charleroi and Braddock report the river has reached flood stage. No places along the Allegheny have as yet reported the danger point reached.

New Castle Sister Attends Graduation Of Young Doctor At Pittsburgh

Mrs. John K. Court and sons, William and John, 804 Butler Ave., have returned from Pittsburgh, where they attended the graduation exercises of Mrs. Court's son, Dr. Blake, son of Mrs. Ruth Blake, 247 East Beaver street, Mercer.

Mr. Blake graduated from the School of Medicine of the University of Pittsburgh on April 9 with exercises taking place in the Stephen Foster Memorial. A graduate of Mercer High School, class of 1942, Dr. Blake took his premedical training at Grove City College and the University of Pennsylvania at Philadelphia.

During his junior year, he was president of the Phi Beta Pi Fraternity and delegate to the National Convention at Kansas City, Kansas. He will intern at St. Joseph's Hospital, Pittsburgh, where he has served as a student intern the past year.

State Medical Society District Meets Tomorrow

The Tenth Council District of the Pennsylvania State Medical Society has completed final preparations to convene here on Wednesday, for an all-day session at the Castleton.

Allegheny, Beaver, Lawrence and Westmoreland counties will have medical representatives to attend this important function.

The afternoon program to follow a 1 o'clock luncheon, will be the presentation of certificates to physicians serving in their profession for 50 years. Dr. Edwin McComb is the local physician to be honored.

current history and cannot close our eyes to them and to their significance."

The majority opinion cited President Truman's March 12 message denouncing the March 12 communist coup in Czechoslovakia. The opinion continued: "It would be strange indeed, if when an aggressive foreign nation presently imperils economies of nations throughout the world in an effort to destroy democracy, we should demand further evidence whether those committed to the communist program would seek to imperil the economy of the United States, the most efficient democracy in the world."

Like Contagious Disease
The two justices likened communism to a "contagious disease" and added:

"Accordingly, with good reason having diagnosed communism as a contagion which is deleterious to labor relations, Congress has the power to ask a prospective bargaining agent whether he is so afflicted."

The section of the law which was upheld provides that no union can use the machinery of the National Labor Relations Board unless its officers file affidavits certifying that they are not communists.

The majority opinion, written by Appeals Court Judge Miller, said:

"We hold the considered view that the sub-section of the Taft-Hartley law is a constitutional exercise of congressional power to prescribe qualifications which must be possessed by those who ask to enjoy the most extraordinary privilege of acting as exclusive bargaining agent."

Suit Involved

The decision was rendered in a suit brought by the National Maritime Union of America (N.M.U.) which was refused the right to be chosen as an exclusive bargaining agent because of the failure of its officers to file the non-communist papers.

The case involves efforts of the union to become the agent for the M. A. Hanna Co., and the Wilson Transit Co., both of which operate ships on the Great Lakes.

The majority opinion stated that it would be "unrealistic" to say that the presence of communists in key labor union jobs "does not constitute a clearly discernable and onerous threat to important national interests."

In his dissent, Judge Prettyman declared that to put a political requirement on the use of a federal facility "is not a mere condition upon a privilege; it is, in fact, an abridgement of political belief."

The court also ruled that Congress "was acting within its powers" by requiring unions to file financial statements with the Secretary of Labor and to renew such data annually in order to be eligible for the use of NLRB machinery. The court said:

"If the plaintiff union suffers the loss of a chance to be chosen as exclusive bargaining agent because of its failure to file the reports, that injury is the result of its own choice in deciding not to file the statements which it admits are constitutionally required."

with five empty cartridges, was found alongside her body. She was sprawled on the floor of her bedroom.

Morcroft, who had been away all evening at a school board meeting, returned home about 1:30 a. m., he told police. About 1:55, he said, he went upstairs and discovered the dead baby in her crib. The other daughter, Susan, was dead too, but the two boys were still breathing. They died at a hospital a few hours later.

Friends reported that Mrs. Morcroft had tried to leap out of a hospital window last winter but had been stopped in the act. She had been taking weekly "electric shock treatments" since.

The gun was given to Morcroft by his brother, Ralph, who had brought it home from the army. Morcroft told police he had been unable to secure cartridges for the gun, and didn't know there were any in the house. However, a box of newly purchased cartridges were found in the bedroom which contained Mrs. Morcroft's body.

The Morcrofts were married about 11 years ago.

W. C. T. U. AND L. T. L.

Frances Willard Union
Frances Willard union will gather Friday evening, April 16, in Epworth Methodist church with Mrs. J. E. Rodgers as hostess. The film "Beneficent Reprobate" will be shown.

Highland L. T. L.
Opening with the "Rally Song" and salute to the flag, the regular monthly assembly of Highland L. T. L. children got under way at Highland U. P. church on Monday afternoon at 4:10 o'clock.

Mary Morrow, president, read the scripture for the devotional period. All children participated in repeating the temperance pledge and also the pledge to the Bible.

Using a delicately hued scenic background and holding the attention of each child, Mrs. Oliver Hurst explained delightfully "The Philippians Jailor," a flannelgraph Bible story. Instructive as well as colorful in every detail was the temperance object lesson, "The Man Who Lived in the Glass House" also given by Mrs. Hurst. Miss Gall Brown presided at the piano during group singing.

Announcement was made of a special meeting at Highland church on April 25 at 4:15 p. m., when Rev. Oliver Hurst will show a scenic temperance picture, "The Beneficent Reprobate."

As each child left the church following the "children's benediction," a small token was given each one.

HIGHWAY SAFETY PERSONAL MATTER

on our highways and streets, must accept the responsibility of teaching them the highway regulations, for they are not exempt from obeying the same traffic regulations as motorists.

Most accidents are caused by a lack of courtesy. If people would be just as courteous once they are behind the wheel of a motor car as they are in their other social relations, the death rate could be cut in half over night. It would take 87 battles like that of two Jims, to cause the slaughter which goes on on our highways every year, and the toll of killed, missing, and wounded in this battle, rated the fiercest of the late war, was 20,000.

Traffic laws were not made to be enforced, they were made to be obeyed, he stated in conclusion.

BACK TO WORK MOVEMENT IN STATE IS SLOW

four of five mines in Springfield, Ill., and the fifth was expected to resume work tomorrow.

United Mine Workers officials estimated that some 15,000 miners would return to work in four southern Illinois counties.

At strip mines near Brazil, Indiana, several hundred miners had reported for work.

But miners in the Terre Haute, Ind., area were meeting today to decide upon what action to take.

In Kentucky and Tennessee, about 50,000 miners had returned to their jobs, according to reports.

All mines in the Rocky Mountain states were expected to be operating within a few days, with more than 20,000 miners reported returning to work following receipt of Lewis' telegram.

PROBST-DUFFY WEDDING QUIET

In the First Methodist parsonage, Glenmore boulevard, on Saturday afternoon, April 10, at 4 o'clock, Miss Bernice Marie Probst, daughter of Mr. and Mrs. Charles A. Probst, of 432 East Leasure avenue, became the bride of Eugene Warren Duffy, son of Mr. and Mrs. John Duffy, 507 Franklin avenue, Ellwood City.

Rev. James A. Gaiser, pastor, officiated, using the double ring ceremony, in the presence of the immediate families. The bride was given in marriage by her father.

The bride was attired in a turquoise blue French crepe afternoon dress, princess style, with white accessories. She wore a strand of pearls, and white orchid corsage.

Matron of honor was Mrs. Robert Clements, sister of the bride, who wore a gold gabardine suit, with corsage of Talisman roses, and matching accessories.

Carl Reese of Ellwood City served the groom as best man. Following the ceremony, there was a buffet dinner served in the home of the bride's parents to 20 guests. A tiered wedding cake graced the table, flanked with crystal candelabra, and matching bouquets of sweet peas.

The bride was in the employ of the Johnson Bronze company, and the groom is now attending Diesel Engineering school in Pittsburgh. He is a veteran of World War II, serving four years in U. S. Army, with three years overseas in E.T.O.

Mr. and Mrs. Duffy left for a wedding trip to an undisclosed destination.

BRIDAL ATTENDANTS NAMED FOR WEDDING

Miss Marilou McCracken, who is a bride-elect of Friday of this week, has named her bridal attendants. They will be Miss Doris Evans of Pittsburgh as maid of honor and the Misses Phyllis Dean, Donalou Fullwood and Lucille Costa as bridesmaids.

Her fiancé, J. Walter Knobloch, has asked Frank Maxwell to be best man and to usher, his brother, Frederick Knobloch, Robert McCracken, brother of the bride-elect, and Harold Braden, Jr.

The wedding will take place Friday evening at 7:30 o'clock in St. Paul's Lutheran church with a reception to follow in Janovick hall.

In View Of News Of The World

By J. C. Oestreicher, INS Foreign Director

Absolute determination by the Western Hemisphere Nations to bring about success for their ninth inter-American conference despite the setbacks provoked in Bogota was evident on all sides today.

The swift invitation extended by Panama to shift deliberations to that city was merely the first gesture.

Continuation of protocol and agenda discussions even in the midst of violence and death emphasized the importance of the conference itself. The issues at stake far transcend the disturbances which damaged Bogota, so severely and which threw a harsh light upon inter-American relationships.

Inspired Assassination

Obviously the first assassination and the resulting series of incidents all were inspired. But whether the initial concern of the culprits was a purely local affair or part of a far more sinister program remains to be determined.

No one will question the fact that Communist elements are well established in Latin America.

And it is axiomatic that wherever Communists may be, their chief objective at this moment is sabotage of the Marshall plan.

Yet on the fact of it and in the light of what has occurred, it seems unlikely indeed that the state department would have chosen Bogota as the conference site and permitted Secretary Marshall to go there if it had been considered at all possible that violence might threaten him.

Looked On As Incident

From this point of view alone there is reason to look upon the Bogota incident as an incident rather than a negotiated measure aimed toward far more momentous results.

The original agenda for Bogota was drafted with extreme care.

It took into consideration not only the needs of the Latin American states but all the crying responsibilities of the civilized world.

The Parent Problem

By Garry C. Myers, Ph. D.

READING TO A YOUNG CHILD

Yesterday I exulted over the appearance of beautiful editions of children's books which have stood the test of time. Also over the wonderful way many parents and a few teachers are reading aloud from such literature to the child at home and school.

Some college professor, or teacher, led astray by him, may be writing me to object to reading to young children at home or school. This professor may have run across one or two clinical cases (probably not followed through) of children around the age of eight or ten having been read to, who lag at school in reading.

Read To Them

Some years ago, in addressing a convention of teachers at Spokane, Wash., I urged them to advise parents to read to their children before entering school, even during the early grades, as a way of helping the children get on better at school. A professor from one of the big universities was the next speaker and he advised the same teachers to warn parents not to read to children of any age at home, and he cited cases. I think there were two—which a certain expert came across, of the type I have referred to. Indeed, hundreds of speeches and lectures to teachers have been based on those few cases, telling of the "harm" of reading to children.

The argument is that the child read to, especially after he enters school, may enjoy it so much as to insist that his parents keep on reading to him instead of his taking the trouble to learn to read.

Well, this could happen. Indeed, it has happened with one of our own children. By the time he entered school we were reading to him from some materials of fifth or sixth grade level. He found the primer and first and second grade readers babyish in appeal and did not care much for practice at reading from them alone.

Keep On Reading

But we kept on reading to him. Occasionally we reread some of his easier favorites. We invented ways now and then of being interrupted suddenly, when he impatiently would begin digging out some of the story himself. We also found some other materials than his school books, which appealed to him but had easy vocabulary. Besides, we induced him to read to his baby sister. Before long he took to reading like a duck to water. All the earlier reading to him began to pay dividends. For years it had built up in him an overwhelming motive to gain pleasure from the printed page. Now he is a word-reader. He read for meaning.

Over the years only an occasional parent has written me of a child who had often been read to before entering school and during the early grades, that lagged in reading. In contrast, hundreds have written of such children as being avid readers in the grades.

Fortunately, this silly nonsense against reading to children among so-called reading experts has subsided and many of them are using commonsense and urging parents and teachers to read to young children. Many parents and teachers who read this column are doing so, judging from the number of letters which come to me. I have seen and heard scores of teachers in classrooms throughout the United States reading to eager school children. They have told me they are sure their doing so motivates in the children a zeal to read for themselves.

My lists of books, from which to read to the baby and young child, and for the child 8-12 to read, may be had in a stamped envelope by writing me at 235 East 45th street, New York, N. Y.

A 102-year-old Los Angeles man credits his longevity to the fact that he has remained a bachelor all those years! He never, you see, had to undergo the terrific strain of having to pay the bill for what masqueraded as an Easter hat.

Looking At Life

By Erich Brandeis

In yesterday's column I mentioned Cocoa, Fla., and the Brevard hotel where we were staying.

I hadn't expected to run into material for a story way down here.

But you never know where gold may be found—human gold, I mean—and I have found it here.

Lest there be misunderstanding, I am paying full rates at this hotel and I am asking for no favors.

As far as I am concerned I don't give a tinker's damn whether you stay here or not.

But I do want to tell you a little about the man who owns the place—or at least is the head of the corporation that owns it.

His name is Hartley C. Laycock and he came here from Chicago 15 years ago.

The place what was left of him mentally and physically came here from Chicago.

Laycock was president and chairman of the board of two Chicago banks, the People's National and the Standard National.

Both banks failed in 1932, when so many others failed, and Laycock, a rich man before the smash, put every penny he owned into the banks.

He came out broken in fortune and broken in spirit.

The doctors told him to go away to a warmer climate.

During his prosperous years the Laycocks had been coming to Florida for the winter, and Hartley Laycock had heard about this Brevard hotel in Cocoa.

The place didn't also failed and was closed. Not a stick of furniture was left in it.

But it was a beautiful spot and Laycock saw the possibilities. However, it would take \$30,000 to reopen it and Laycock didn't have much more than 30 cents.

But he had something else. He had a fine reputation and the respect of his friends.

So they lent him the money to go to Florida and to reopen and run the Brevard.

Today a substantial part of the mortgage is paid off. The hotel is operating at a handsome profit. And Hartley Laycock, now in his seventies, is still active in the real estate affairs, although the actual management is now in the hands of his son George, who was studying to be a banker when his father failed.

I had a long talk with the Laycocks this morning.

The older one laughs at all this talk about no more opportunities in this country.

"There are opportunities everywhere," he said. "I had to start from scratch when I was in the late fifties. Other bankers, in those days, jumped out of office windows or shot themselves."

"I had too much faith in God—and in the value of a good name."

"Build a reputation for honesty and character. That's the greatest asset any man can have."

And George, the son, who wanted to be a banker?

"That's what Dad's was the best thing that ever happened to the Laycock family," he said. "It taught us that bad luck needn't be the end, but may well be the beginning of something much more worthwhile."

As all fans know . . . the "Chiefs" is the New Castle team of the Mid-Atlantic League . . . Something new in this community . . . Real baseball . . . We have here a great opportunity to show this section of the world some red hot baseball . . . Our baseball field is one of the greatest . . . Flaherty Field . . . For the past six weeks many men have been working on improvements . . . additional seats have been installed . . . a playing field has been improved . . . the surrounding grounds of the ball park have been beautified . . . and when the first game takes place on the 30th of April . . . Everything will be readiness.

Back to April 21st . . . when a testimonial dinner will be held in the Cathedral . . . in addition to meeting the players and the manager of the local club . . . Outstanding national baseball men will be in attendance . . . Through the efforts of Attorney Thomas Johnson of Pittsburgh . . . and one of the owners of the Pittsburgh Pirates . . . Bill Meyer, manager of the Pirates for 1948 will be the first public appearance of Bill Meyer in this part of the United States . . . Yes, even before the Pittsburgh fans have an opportunity to meet this man of the hour . . . New Castle Baseball lovers will have the privilege . . . In addition to meeting and hearing this gentleman . . . other officials of the Pirates will be here to greet you.

General Manager Roy Hamey and the Assistant Treasurer of the Club A. H. Schlensker will make the trip . . . Attorney Johnson will also be along with Hans Wagner who many in this locality know personally. Other members of the Pirates club will make the trip (rules permitting) . . . namely Ralph Kiner . . . left fielder . . . probably one of the most popular ball players in Pittsburgh today.

In the private party of Attorney Johnson will be other owners of the Pittsburgh Pirates . . . yes friends . . . the Baseball Banquet of April 21st will be the highlight of the season. All are invited—men, women, youths—\$2.00 each.

Washington Calling

Was Bogota Explosion Surprise?

WASHINGTON, April 13.—Bloody revolution is part of the fabric of Latin-American politics. But such revolutions do not just happen suddenly and for no reason at all.

They grow out of long-smouldering resentments and conflicts, sparked by leaders whose aims and ambitions are fairly well known, over the ashes of tragic Bogota is a towering question mark.

Were American officials sufficiently well informed about the explosive potentialities in Colombia? A number of other related questions occur, but that one is paramount.

For the first time in its history, this country has a central intelligence agency. The agency, under the direction of Admiral R. K. Hillenkoetter, has its own staff of agents. In addition, it coordinates the intelligence reports of the Departments of State and National Defense, the Atomic Energy Commission and the Federal Bureau of Investigation.

Could Get Information In Library?

Although outsiders can know almost nothing of its work, the hopeful impression prevails that Washington is for the first time equipped to learn what is about to happen well in advance of its happening.

There is evidence, however, that the cloak and dagger atmosphere cloaks, in some instances at least, the kind of knowledge that an earnest reader could obtain in the Library of Congress.

One of the civilians entitled to receive and read the intelligence

agency's top secret reports gets a lot of laughter out of the privilege. He has become accustomed to the kind of anti-climax that bursts with the fury of a child's popgun.

Here is an example. A heavily armed messenger of the intelligence agency arrives with a top secret document. It can be delivered only into the official's hands. The seals must be broken in the presence of the armed messenger and the official.

If the official should decide to take it home and read it overnight, being a busy and hard pressed man, then an armed guard would have to patrol his house during the night. He examines the document and finds it is a copy of a report printed in London and available to a fairly sizeable number of readers.

Could Be Improvement

It is understandable that brand new intelligence agency cannot achieve perfection overnight. Years of experience and development are necessary to round out such an organization.

At one point, however, a matter of elementary cooperation would bring a decided improvement. This is the point at which internal security and foreign intelligence meet.

Under the law, the FBI is responsible for internal security. This covers sabotage, with all its new and terrifying possibilities in bacterial and atomic death. But the authority of the FBI ends at the water's edge where central intelligence and the army and navy take over.

Coordination is not good. I have learned of specific examples of where it has failed and where the failure could be serious.

During the war and in the events that led up to war, the army and navy tended to treat the FBI like a dubious stepchild. For example, the navy had specific information about the landing of two enemy agents in New England. This information was not passed along to the FBI for ten days and then only in a vague and guarded form. Although detection and capture of the agents was the job of the FBI.

Glaring Example

A glaring example came to light in the Pearl Harbor investigation. The FBI in Hawaii, and the FBI alone, monitored a telephone call from Honolulu to Tokyo on Dec. 6. This revealing conversation, with its thinly disguised references to a major event to come, was passed on to both army and navy commanders. It was ignored.

The very fact of an arbitrary separation between domestic security, on the one hand, and foreign intelligence and security, on the other, is dangerous in the face of the threat of world Communism, that jealousies should hamper cooperation is fantastic at this moment in history.

Military policy-makers say the field of internal security is "under study." There is little time left for study. We need, and quickly, an efficient, mature agency that can bring together all sources of information and analyze them promptly. The kind of explosion that occurred in Bogota should not come as a surprise.

Seamy Side Of Aid Program

(By Holmes Alexander)

WASHINGTON, D. C., April 13.—Are you a stockholder in a movie company or publishing firm which does business in the 16 Marshall plan nations? If so, you have your fingers in a \$16 million pork barrel.

Are you employed by any of the 70 organized charities registered under the advisory committee on voluntary foreign aid? If so, rejoice—the budget is fattened by \$10 million out of the Marshall plan funds.

Are you an American who sends relief packages to friends or relatives in Western Europe? If so, you too are a beneficiary by reason of a \$22 million bite into the Marshall plan funds.

May Want To Inquire

But if you are the average taxpayer, not a member of the above-mentioned groups, you may want to ask your Congressman: "How come these special privileges?" And even if you do belong to the above-mentioned groups, you may want to know why Marshall plan monies are piped off to projects that have nothing to do with the original intent. Finally, if you just happen to believe in the Marshall plan—as this column does—you may wonder how much of the \$6 billion will be left when the lobbyists, the pressure groups and the light-fingered gentry have finished their pickings.

Let us say for the pickings mentioned above that they are trivia. They do not compare in amount or in rascality with other pork barrel grabs. But they are illustrative of the seamy side of Marshall plan politics and thus deserve unfavorable notice.

Specific Provisions Are Pointed Out

Now to be specific: Section 111, paragraph b-3, of the Foreign Assistance Act is a provision to "facilitate and maximize the use of private channels of trade" in rebuilding Europe. It sets aside \$300 million to guarantee partial reconversion of American investments back into American dollars. The fund was intended to underwrite American firms in Europe whose products have a direct bearing upon European recovery. But in the rush of the closing hours a "joker" was inserted into this section. It set aside \$15 million for the reconversion benefit of "enterprises producing or distributing informational media"—that is, movie makers and publishers. Rep. Mundt accomplished this insertion against the written objections of Marshall plan economists in the State Department. Mr. Mundt's reasoning? He wanted to spread American culture. The State Department's objection? The insertion meant \$15 million less to spend on European recovery. The State Department is already operating the Office of Informational and Educational Exchange, which sponsors the Voice of America and other outlets.

Deals With Private Relief Agencies

Section 117, paragraph c, of the same act deals with private relief agencies. It provides that "funds . . . shall be used . . . to pay ocean freight charges" for the organized charities and for person-to-person gifts. It nicks the Marshall plan fund for an estimated total of \$32 million. It is the handiwork of Senator Brooks who in turn was pressured by foreign extraction groups with considerable voting power in Illinois and other mid-western states. Senator Brooks' term expires in 1949.

Culture and sweet charity have often been used to perfume the noble name of humbug. It is right and proper for movie makers and magazine publishers to do business in Europe—but not at the expense of the Marshall plan and not in the name of culture. It is wholly admirable for people to send relief gifts to Europe—but not at the taxpayers' expense and not under a governmental project entitled "Economic Cooperation Act."

Such special interest grabs will be worth remembering when the Marshall plan money runs out. And when we wonder why it didn't accomplish the expected results. And when the long-suffering taxpayer is asked to give more.

IRON CURTAIN

Back of their curtain of steel. Holding all others at length. What do they want to conceal? National weakness or strength?

What are they trying to hide? Why are the barriers laid? Why is admittance denied? Of what are the leaders afraid?

Why for the dark such concern? Is it the people's lot? What will they not let them hear? What will they not let them hear?

Those who must hide always fear. Something the light would reveal. Those who have consciences clear. Never draw curtains of steel.

Railroaders Ask Bus Schedules

Seek Schedules To Benefit Them In Getting To Work If D.S.T. Is Followed

OTHER NEWS OF COUNCIL SESSION

During council meeting held in the city building Monday, solons adopted a motion submitted by Property Director Joseph D. Alexander which authorized council to request the local bus company to fit its scheduled to provide service to railroaders if daylight savings time becomes effective here.

According to Mayor John F. Haven, and Streets Director James Gibson, railroaders have stated to them that, if D.S.T. becomes operative, there would not be bus connections, because railroads operate on Eastern Standard Time.

The mayor suggested that council confer with the officials of the bus company to correct such a situation to accommodate railroaders.

Finance Director Albert Hoyland said that he, personally, is in favor of fast time, but, if a majority of people voted against it, he would have to "go along" with them. He asked if the Alexander motion wasn't premature.

After it was explained that the bus company would be asked to accommodate railroaders only if fast time were voted in, Hoyland was satisfied.

The GNCA and Kiwanis clubs have voted in favor of fast time in June, July and August.

OPEN BIDS

Council had read to them by City Clerk Jack Fritz bids for several projects as follows:

Meyer avenue grading and sanitary sewer: Gallagher, O'Horo, Inc., \$15,462; Kane, O'Horo & Haenny, \$8,065.59, and New Castle Duntile company, \$10,186.20.

East Grant and North Mercer streets sanitary sewer: Kane, O'Horo & Haenny, \$3,249.50; Gallagher & O'Horo, Inc., \$2,528.50, and New Castle Duntile company, \$2,317.

Cochran way sanitary sewer: Kane, O'Horo & Haenny, \$1,208.75; Gallagher & O'Horo, Inc., \$1,073.50, and New Castle Duntile company, \$1,015.

There is to be done in Meyer avenue excavation, place an eight-inch sewer, build three manholes and repave 63 yards.

In Cochran way, there is to be installed a 175-foot sanitary sewer, place one manhole and repave for 58 yards.

The bids were referred to the city engineer's department for checking.

APPROVE PLANS, SPECIFICATIONS

At the request of J. Clyde Gilfillan today, council approved plans and specifications for the grading of East Hazlercroft Avenue to Delaware Avenue. The thoroughfare is to be 24 feet wide. It is to be paved with a bituminous material, for which an ordinance will be drafted. Mr. Gilfillan will pay for all of the improvement.

TAKE BID ON TRUCK

Council referred to Purchasing Agent Joseph D. Alexander and City Mechanic Chris Walker bids received for a 3-ton truck for the parks department. They were as follows:

Francis Motor Sales company, two bids, one of \$1,427 and the other \$1,361.89, tax to be rebated, and J. R. Rick Motor Car company, \$1,286.40, tax exempt.

Finance Director Albert Hoyland was given authority to pay off a bank note for \$50,000, with \$382.50, interest.

Belgian Prime Minister Talks Of Third War

PITTSBURGH, April 13.—(INS)—Paul Henri Spaak, prime minister of Belgium, Monday night asserted a third world war would not be exclusively a European war.

Speaking before a group of industrial leaders at a dinner in Pittsburgh, the Belgian prime minister said that after the European countries have united themselves for defense, they should feel free to call on the United States for help. He also asked that European countries be allowed to export to America.

Following the Marshall plan, he added, it will be necessary for Europe to get down to more serious economic basis, or more help would be needed.

Spaak believes that Europe could not withstand a third occupation—"a Russian occupation." That is the reason why the five countries of Europe signed the Brussels pact for defense. The 150 million inhabitants of Europe could constitute a strong barrier, but it would be necessary for America to help, he said.

The premier warned Americans should not be impatient with the untiring of western Europe. It may take several years, he said, "because of the barriers of language, tradition and previous wars."

THE WORLD AND THE MUD PUDDLES

(Continued from Page Four)

the more revenue government gets, the more it will spend. As a matter of experience, we know that in many instances government spends much more than its revenues, piling up deficits and debt which are a mortgage on the incomes of all the people. The end of the war has taken away the excuse for a vast amount of government outlays. But no disposition is shown by the administration to get back to the budgets of pre-war or peace times. Instead, we are confronted now with an executive budget which calls for expenditure of forty billion dollars—a sum equal to about one-sixth of the total income of the nation.

The only practical way to head off this spending is to cut down the national revenues to a point which will cover only the legitimate and necessary expenses of the nation. That can be accomplished only by a reduction in tax rates. When lower taxes, lower revenues, then the government is compelled to lower its outlays. There is no record of a spendthrift's spending less until his funds are cut down or gone.

Nothing is so false as the administration's contention that lower taxes will prove "inflationary." It is more inflationary for the people to spend their tax savings to meet higher living costs than it is for the government to spend billions. In fact, it is less so, because the tax savings are expended over a period of a year, while government spends billions in lump sums at one time.

From Biblical days the tax-gatherers have been the subject of popular anathema. For the reason that they say the living resources of the people for the aggrandizement of those in power. We have suffered this evil in our own time, under a regime whose proclaimed purpose was to "tax and tax, spend and spend, and elect and elect." There is no present indication of any relaxation in this policy. If taxes are not to lead us into the same decline and fall as that of the wrecks of the nations strewn along the paths of history, there must be a general revolt against the sapping of the people's resources by bloated and arrogant government.

APPLE PIE SHAPE

Apple pie is so popular in this country that it has become a symbol of goodness. If a place is in apple pie order everything is lovely. There are good reasons for this popularity. Apple pie is nutritious. It tastes good. It provides vitamins. It is satisfying. It has good staying qualities. After eating a piece of apple pie a person feels as though his appetite is taken care of for a long time.

It is good when served hot at the table. It is good when eaten cold out of the lunch box. Butch says that the main thing about a piece of apple pie is the size.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are the chief excretory organs of the body. They filter out of the blood excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

HER FIRST FORMAL

"I am 16 and about to attend my first formal dance. Please give me the following information: (1) Should I wear high or low heeled evening slippers? (2) Is an evening wrap necessary over an evening dress? (3) Who suggests going home from a party or a dance? (4) Who suggests sitting out a dance? (5) When a boy, other than my date, asks for a dance what should I say? (6) How should I introduce my date to the family when he calls for me? (7) Should I tell my date I enjoyed the evening when he brings me home?"

Answer: (1) Unless you are very tall and desire to cut off your height, wear high-heeled evening slippers. If you are tall, wear ballet slippers.

(2) Yes, except in winter when a fur coat may be worn with evening clothes.

(3) It is the girl's place to suggest going home.

(4) The girl should suggest sitting out a dance but it should be done in an inoffensive manner, to avoid the suggestion that it is being done because the boy is a poor dancer.

(5) He should ask both you and your escort jointly for the dance, so that your escort may make his own plans during your absence. You should accept his offer.

(6) Family introductions: "Mother and Dad, this is Bill Jones."

Always introduce everyone to your mother. Always introduce boys to your father; your father to girls.

(7) It is always gracious to say you have had an enjoyable evening.

Present your problems to Miss Marrel who will promptly send personal replies to questions from readers enclosing stamped, addressed envelopes.

Job Placement
To Be Revamped

HARRISBURG, April 13.—(INS)—The department of public assistance today is revamping its job placing service for relief applicants to avoid duplicating a program of the state employment service.

Secretary Frank A. Robbins, Jr., said no change would be made in the commonwealth's policy of granting aid to "needy" persons and denying grants to "persons able to work."

But the revision would cover procedure in case work to effect a "better working relationship between the department and the employment service," he asserted.

The department lacked funds and personnel for conducting an extensive placement bureau for relief applicants cable and physically able to hold jobs, Robbins explained. Therefore, investigators would be requested to refer such cases to the employment service, he added.

"This is only a procedure that a good organization should practice," he asserted. "We can avoid overlapping and assure there will be no lost motion."

Personnel Expert
To Address Group

M. J. Julius, professor of personnel management, college of commerce, Ohio State university, will speak at the regular dinner meeting of the Western Pennsylvania Personnel Association to be held in The Castleton hotel on Friday, April 16.

Professor Julius received his Ph. D. degree from the University of Chicago, was a War Manpower Commission consultant, has served as a labor arbitrator and management consultant on personnel problems.

He is past president of the Central Ohio Personnel Association. In addition to numerous articles and pamphlets, he has authored a book on personnel management now being used in over 60 colleges and universities.

The subject of his address will be "The Value of Fundamentals in Personnel Management."

GREAT BOOKS

FORUM TO MEET

The Great Books Forum will meet Thursday evening, April 15, at 7:30 o'clock, in the meeting rooms of the New Castle Free Public Library.

Mrs. James B. Mohler will lead the discussion of "The Rubaiyat," by Omar Khayyam. Try to read the book before the meeting, however, it is not "a must," if you want to attend.

NO LEGION BAND

PRACTICE THURSDAY

Because of the National Commander's banquet, Thursday evening, there will be no practice of the post band this week, Manager William Alexander stated today.

The next practice takes place on Thursday evening, April 22, according to schedule, however, he announced.

EVERYONE NEEDS FAT

IN HIS DAILY DIET

Your most concentrated source of energy is fat. Everyone needs fat daily for good health.

Many people will not get the fat they need for good nutrition this year because the world will not be able to produce the fat it needs in 1948. Most European countries have not yet recovered enough from the war to come up to necessary fat production. Crop failures and lack of feed have cut down production in the major needy areas of Europe. Even the United States, because of increased population and increased fat exports, will not be able to supply enough fat to meet its own needs.

You can help the world shortage by saving fat in your home. Salvage every bit of fat or oil from the frying pan; save meat drippings, soup skimmings, and pan scrapings. Put what you save in clean tin cans. When they are full turn them in to your meat dealer or locker plant operator. He will pay you for it.

Strain and re-use your cooking fat. When the fat is no longer good, pour them into cans for sale. No fat is too strong flavored or too dark to be salvaged for industrial uses. When storing fats for re-use, keep them covered and in a cool, dark place.

KEEP CLEANING TOOLS

IN TOP CONDITION

For best results when you are cleaning this spring, keep your cleaning equipment clean and in good repair.

Dirty cloths and brushes leave streaks, dirty water does more harm than good, and equipment in poor condition for service will irritate any sunny disposition.

A crooked or ruffled edge on your dust pan usually can be poked out flat or bent so that all the dirt gets into the pan. Electrical equipment may have only a broken cord or a loose screw. A few minutes of your time spent in putting it in working condition will save many minutes each time you use it.

To get the most efficient service from dust mops, carpet sweepers, and brushes, always clean them thoroughly after each time you use them. Shake the dust out and comb hair and threads which may be clinging to them.

Dusters and dustless mops should have only enough oil on them to gather the dust. Too much will form a film over the wood surface which will collect dust and give an unpleasant, greasy, dirty look to the furniture and floors. You may make dusters and cleaning cloths from soft, fine cotton, woolen, or silk worn-out garments. Dustless dusters and mops containing oil should be kept in a tightly closed tin box or can to prevent spontaneous combustion.

CHILD INJURED

WHEN HIT BY CAR

William Weaver, aged five years, of 212 Crescent avenue was admitted for treatment at the Jameson Memorial hospital at 7:30 p. m. Monday after he had been struck by a Bell Telephone company truck on North street. According to reports, the little fellow ran out in front of the truck, and the driver was unable to avoid striking him.

Await U. S. Move On 'Watchdog' For Palestine

By **PIERRE J. HUSS**
(U. S. Staff Correspondent)

LAKE SUCCESS, N. Y., April 13—United States approval or rejection of a United Nations "watchdog commission" to supervise a Palestine truce is expected some time today.

American consent to the proposal—which has been drafted by Security Council Chairman Alfonso Lopez—will then put the issue before the 11-member body for a vote.

Should the council accept the "watchdog" plan, it will then be up to Arab and Jewish leaders to carry it out. Thus far both sides have shown a strong aversion to any truce except one based on their own terms.

Actually, the council has made little headway on the matter of enforcing a cease-fire order. Lopez has taken some action in again asking Sir Alexander Cadogan to keep British troops in the Holy Land after May 15.

But by and large, no definite plan—other than the watchdog commission—is expected to be ready for presentation to the General Assembly when it meets in special session this Friday.

In the assembly itself, observers see little indication of a cohesive move in support of the U.S.-proposed trusteeship.

BUILDING PERMITS ARE ISSUED TODAY

Neal Williams, city bureau of building, city hall, has issued construction permits as follows: C. S. Kennedy, 120 East Edison avenue, concrete block garage, \$350; Ralph DePinto, 419 Hawthorne street, concrete block garage, \$750; Wasy Gryuk, 21 West Big Run street, remodel dwelling and fence, \$300; Francesco Elisco, 519 Electric street, concrete block garage, \$450 and Margaret E. Committees Appointed: Will Attend Father, Mother, Daughter Banquet, May 13

Monday afternoon members of the Girl Scout troop 16 gathered in the recreation room of Mahoning Methodist church.

Following the opening exercises the girls took part in a series of games, with patrol leaders in charge. Mary DiVidio gave a piano solo.

It was reported that Shirley Hanna, one of the Girl Scouts, is confined to her home with rheumatic fever, and Jennie Costa, one of the leaders, is also confined to home with illness.

Sick committee appointed is Phenton Blanton, Edna Mae Turk, Sharyn Weiskner, Joan Kunrow, Keeper of flag Florence Barattiero. The girls are still collecting clothing for Girl Scout kit packs, sponsored by Girl Scouts of America, for needy in Europe. All are looking forward to father, mother and daughter banquet in the Cathedral May 13.

Saturday afternoon at 12:45 the girls will meet at Mahoning Methodist church to go for an outdoor excursion, followed by a wiener roast in charge of Bessie Pitzer and Donna Sheehy.

Paper Collection Wednesday, 4 To 6

Arrangements have been made to make a collection of waste paper in the ward and community Wednesday afternoon between the hours of four and six o'clock. Bundles should be tied securely and placed on the curb for the pick-up, and in case of rain, put on the porch. The Civic club requests that magazines and newspapers be bundled separately.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you don't feel better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

Former Pastor Of Highland Church Taken By Death

Rev. D. Chalmers Fulton Dies At Youngstown After Illness Today

Rev. D. Chalmers Fulton, aged 68 years, 753 East Dewey avenue, Youngstown, O., died this morning at 3:30 o'clock in the Southside hospital, Youngstown, according to a message received here by friends. Death followed an illness of a number of months.

Rev. Fulton, who was pastor of Gibson Heights U. P. church, Youngstown, served as minister of Highland U. P. church, this city, from 1912 to 1917.

He was born in Washington county, Pa., July 22, 1879. The deceased, a graduate of Westminster college in the class of 1905, graduated in 1908 from Pittsburgh-Xenia Theological Seminary. His death occurred two days after the fortieth anniversary of his ordination to the ministry.

While residing in New Castle, Rev. Fulton was a member of the Rotary club. He served on the board of trustees of Westminster college for several years. His pastorates in addition to those of Youngstown and in this city included charges at Philadelphia and Washington, Ia.

Survivors include his widow, Mrs. Edith Kerr Fulton; one son, David K. Fulton, Albany, Ga., and a daughter, Mrs. John C. Rohrer, Rodco, Calif.

Funeral services will be conducted Thursday afternoon at 2 o'clock from the Gibson Heights U. P. church, Dewey and Homestead Park, Youngstown. Interment will take place in Mill Creek cemetery, Hookstown, Pa.

The body may be viewed at the church on Wednesday from 3 o'clock in the afternoon until 10 o'clock in the evening.

With New Castle Afro-Americans

There will be a business and professional program at the First Baptist church of Wampum on Sunday at 3 p. m. Participants will be: John Stutz, Mrs. Louise Watson, Red Mitchell, Leroy Lowe, John Campbell, J. G. Crunkleton, Peter Wright, W. F. Cummings, Charles Brandon, Miss L. Jackson, Dr. F. A. Gillespie, Dr. S. W. Garnett and Rev. G. L. Smith. The Trinity chorus of Ellwood City directed by Mrs. W. M. Eady will sing.

Rising Star Club will meet this evening at 8 o'clock in the home of Mrs. Sara Thomas, 308 Knox avenue.

How to shorten a mile (and stretch a gallon)

Ask the men who own one

Come in—learn how Packard "safety-sprint" power gives you wonderful new gasoline economy!

You'd naturally expect Packard owners to marvel at the turbine smoothness of the new '48 Packards. (And they do.)

You'd expect them to praise Packard's new "safety-sprint" power—the new kind of reserve power that breezes them around other cars and fast highway busses... into the clear. (And they do.)

But the big surprise—the advancement that excites these owners most of all—is the way these Packards get extra mileage out of every gallon!

For these big, precision-built Packard Eights—with all their luxurious roominess and increased roadweight—are actually delivering up to 10% more miles per gallon!

Worth looking into? It's a "must" story for every prospective fine car buyer. You'll find the cold facts, and a warm welcome, at your nearest Packard dealer's showroom!

TAKES TAXI RIDE; CAN'T PAY FARE

Mayor John F. Haven in police court this morning ordered William Jenkins, said to be from Newport, a soldier, held pending the placement of an information against him by a Greenlight Taxi-cab driver. It appears the soldier rode to Newport, then to Ellwood City, then returned to New Castle, after which he told the operator he had no money. Police were called and Jenkins was arrested.

REQUIRE PENSION NEGOTIATIONS

WASHINGTON, April 13.—(INS)—The National Labor Relations Board ruled today in a four-to-one decision that employers must bargain with their employees on pension or retirement plans if the workers request it.

It was the first decision by the board on this issue in its 13-year history.

Despite the extreme length of its neck, the giraffe has only seven neck bones, the same number that human beings have.

PLANE PROPELLOR INJURED YOUNG MAN

HARRISBURG, April 13.—(INS)—Lawrence Hamacher, Jr., 27, of Lemoyne was reported in satisfactory condition today at Harrisburg hospital after he was struck by an airplane propeller at an airport near Camp Hill.

Hamacher, a flight instructor and operations manager, suffered severe lacerations of the left thigh and other cuts and bruises of the body when the accident occurred while he attempted to start an airplane engine.

Reveal Details Of Alleged Red Plan For Italy

ROME, April 13.—(INS)—Complete details of an alleged Soviet plan to take over Italy if the Communists win next Sunday's election were published by the Rome newspaper Il Tempo today.

The newspaper said the program embraces an immediate military alliance linking a Communist-dominated Italy with Russia and Yugoslavia.

Il Tempo, an independent morning newspaper, quoted "an unimpeachable source" for its information.

The paper asserted that the Communist coup would be under the guidance of Soviet Deputy Foreign Minister V. A. Zorin, who was in Czechoslovakia during the recent crisis, and was believed connected with the Communist seizure.

Central Church Names Officers

Congregational Meeting Of Central Presbyterian Church Opens With Tureen Dinner

The annual congregational meeting and election of officers of the Central Presbyterian church on the Public Square took place Monday evening, opening with a tureen dinner in the church dining room.

Preceding the election, the annual reports were presented by the presidents of the various societies. An excellent financial report for the year was presented.

The following officers were elected: Session, W. R. Book, Benjamin Jenkins, George R. McClelland, Emerson McGuire, James M. Thompson and Samuel A. White; deaconesses, Mrs. Oscar Rhodes, Mrs. Mont Forney; trustees, Mont L. Alley, Lester G. Miller, William Stoner; music committee, A. T. Sadler, John Walters, Miss Alison Leslie, Mrs. Robert Morrison and Mrs. Walter Shaw.

Attempt To Open Abruzzi Club Safe

Yeggs at 3:03 a. m. today attempted to enter the safe of the Duca Abruzzi, Croton avenue, according to a report made to city police at 10 a. m. today.

When an employee reported for duty he discovered the place had been entered and the knob to the combination had been pulled off. Glass was broken in the front door which allowed the door to be unlocked.

An electric switch which controls the clock was pulled at 3:03 a. m., designating the time the yeggs entered the place.

Bars were removed from a rear door to permit a quick getaway. The place was closed at 2:40 a. m. today.

Another Attempt

Burglars also were reported to have attempted an entrance into the Louise beauty shop, East Washington street. A report to city police said the glass in the front door was broken out.

TWO ARRESTED FOR FIGHTING

Mayor John F. Haven in police court this morning imposed a fine of \$5 on both James Brown, former policeman, and Buster McKisson who were charged with fighting in the yard of the McKisson place, Center Way.

Brown reportedly sold the frame of a .22 target pistol to McKisson, who claims he paid \$10 to Brown. The latter claimed he did not get the money. The fight resulted. Policemen Sigler and Bush arrested both.

During the fight Brown's right hand was cut necessitating treatment in the New Castle hospital.

Hemlock trees were sometimes almost eliminated from early American forests when bark was removed from them for the tanning industry.

Congregation Of First Church Has Annual Meeting

Three Trustees For Three Years Elected; Tureen Dinner Precedes Business

Congregational meeting of the First Presbyterian church took place Monday evening at 8 o'clock in the church dining room with William F. Moody presiding.

Trustees elected to serve for three years were J. Kenneth Atkinson, Gordon Jenkins and James A. Rugh.

A. A. Webb was re-elected treasurer of the current expense fund and auditors elected for the same fund are G. Wilfred Thomas (re-elected) and Carbis Walker.

J. Russell Meade and Robert N. McBurney were re-elected auditors of the benevolence fund, Russell G. Magill was re-elected secretary of the congregation.

Preceding the meeting, a tureen dinner was served at 6:45 o'clock with a good attendance present.

Rev. William J. Holmes offered the invocation and Dr. R. F. Galbreath pronounced the benediction.

Group hymn singing after dinner was led by L. B. Round with Miss Olive Webb at the piano as accompanist.

Two movie films were shown in the Sunday school room by Mr. Brown and Mr. Shea of the Pennsylvania State Game Commission. They were introduced by Dr. Galbreath. The first of the reels was a sound film of nature and farm scenes by the soil erosion service of the Department of Agriculture and the second, in beautiful technicolor, was of wild life at the game preserve at Pymatuning dam.

Mr. and Mrs. John Duffy and daughter, Bernice; Mr. and Mrs. Paul Duffy and son, Richard; Mr. and Mrs. Carl Reese of Ellwood City, attended the wedding of Miss Bernice Duffy of 42 East Leasure avenue to Eugene Duffy of Ellwood City Saturday afternoon at First Methodist parsonage.

MISSING SINGER LOCATED

LOS ANGELES, April 13.—(INS)—Maria Gatica, Chilean night club singer who earns \$1200 weekly, was found last night after a five-day disappearance working as a housemaid.

The 28-year-old expectant mother telephoned her husband, Gene Fell, Los Angeles and Mexico importer, to report her whereabouts after she said she had read newspaper stories concerning her disappearance. Fell quoted her as saying: "I just wanted to get away from my career and its problems for a while."

FLOOD WARNINGS

WASHINGTON, April 13.—(INS)—Eastern Red Cross headquarters today issued major flood warnings to Red Cross agencies from Pittsburgh, Pa., to Evansville, Ind., because of the rapid rise of Ohio river tributaries.

The warnings were based on latest observations of the United States Weather Bureau. The Red Cross said that expert disaster workers are en route to key cities in the Ohio area to assist local communities.

TAKE TO THE AIR

SAN FRANCISCO.—(INS)—Far western athletes really took to the air this year—and they all weren't football players either. Pan American World Airways disclosed recently that 788 sports contestants flew in 3,640,000 passenger miles. The majority of the athletes were Pacific Coast college football players, but basketball players, boxers, et al, also were included.

AMBLING WRECK

ALBANY, Ore.—(INS)—Albany's shiny new Cadillac ambulance crashed into a car on one of its first runs. It was patched up. Six weeks later it was demolished when a big truck failed to get out of its way.

"KEEP SAVING USED FATS!"

... It's a Habit That Pays"

"My conscience wouldn't let me throw out even a drop of used fats when I know they're still needed so badly. Why, today's shortage of fats and oils is still very serious, our government says.

"I really get a kick out of seeing how much extra fat I can save... by melting down trimmings, skimming gravies, really scraping pans. I re-use it, certainly. But there's always something left to make saving worth while!

"Have you ever stopped to think that used fats are the only kitchen waste that can be turned into cash? That's a good point to remember in these days of higher food costs."

Strike Record Is Compared

Pennsylvania's Record Worse Than Other States

HARRISBURG, April 13.—(INS)—Pennsylvania's strike record was labeled "worse than comparable states" today by a special legislative committee.

The fact-finding agency, a branch of the joint state government commission, defined the commonwealth's unfavorable position in a survey aimed at promoting industrial development in Pennsylvania. Rep. Robert D. Fleming (R) Allegheny said information revealing that "Pennsylvania's strike record is worse than comparable states" was discussed during a meeting at Harrisburg yesterday.

He said it was impossible to determine whether the abundance of coal fields and steel mills in the state had any influence on the trend.

Pennsylvania labor groups appeared to show a cold shoulder to the legislative planning for industrial development, according to Fleming.

Only two of eight leaders invited appeared at the conference scheduled especially to obtain their opinions.

North Sewickley Local Option Vote Is Under Attack

Section Near Ellwood City Is Basis Of Legal Battle In Beaver Court

BEAVER, April 13.—Validity of the local option dry referendum in North Sewickley township, was attacked Monday in the Beaver county courts.

Attorney A. G. Helbling, Beaver Falls, filed appeals from refusal of the state liquor control board, to renew the liquor licenses of three clients, the Ellwood City Country Club, John and Anna Mondel, and Anthony P. Tino and Rose Ambrise, partners.

The board's refusal to renew their licenses for this year, was based on last November's referendum, when the electors of two of the townships three voting districts, voted against the granting of retail liquor licenses.

The fact that the referendum was held in only the first and second districts and not in the third district, which is known as the Ellwood City district, was chief grounds for the appeal. The applicants ask the court to declare the election null and void. Judge Morgan H. Sohn scheduled a hearing on the appeals on May 19.

Foreign Briefs

LONDON, April 13.—(INS)—The Moscow radio today quoted Premier Joseph Stalin as halting the Russo-Finnish treaty as an agreement of "trust and friendship" between "equals".

The broadcast said Stalin's remarks were made at a state dinner on April 7, held in honor of the Finnish delegation which negotiated the mutual aid pact.

FRANKFURT, April 13.—(INS)—An estimated 5,000 Italians living in the three western zones of Germany will return to Italy this week-end to vote in the April 18 elections.

The Italian government will pay their traveling expenses.

COPENHAGEN, April 13.—(INS)—The Berlin correspondent of a Danish newspaper said today that the Russians are bolstering their forces in Germany with Soviet-trained German soldiers and new recruits from Mongolia. The correspondent, writing in the newspaper Berlingske Tidende, said the former Wehrmacht men, numbering 30,000, are under the command of General Friedrich von Paulus, who led the Nazi attack on Stalingrad and was captured.

TOULOUSE, April 13.—(INS)—The headquarters of General De Gaulle's "French rally" movement in Brives, north of Toulouse, was partially in ruins today as the result of a bomb explosion.

Retirement Plan For Municipal Workers Planned

HARRISBURG, April 13.—(INS)—A retirement system designed to benefit more than 100,000 municipal workers throughout Pennsylvania is being whipped into shape today by the commonwealth.

The state is pushing its plans under a five-year-old law which has gathered dust except for remedial amendments during the last session of the General Assembly clarifying integration of the pension plan with the wealthy state employees retirement fund.

Rep. Robert D. Fleming (R) Allegheny said the system, expected to benefit municipal workers in small communities, was designed to take care of public employees over the age of 65 in political subdivisions lacking sufficient funds to underwrite pensions.

Nothing in the law would preclude larger municipalities, including third class cities, from joining the system, according to Fleming. He estimated more than two dozen communities had queried the state retirement board concerning the program but so far it has not been placed in operation.

Municipalities joining the plan will be required to make regular contributions to the state fund but will have up to 30 years to write off back payments necessary to guarantee the program's effectiveness, Fleming said.

Municipal employees now covered by local pensions may apply for admittance to the statewide system if 75 per cent of the members vote affirmatively.

R.R. Shop Crafts

Unions Join A.F.L.

In an action taken at the special convention of the Brotherhood of Railroad Shop Crafts of America, held in Pittsburgh, the organization ratified a co-operative agreement of affiliation with the Railway Employees Department of the American Federation of Labor.

Paul D. Reese, president of the brotherhood and Louis M. Wicklein, member of the executive council of the Railway Employees Department of AFL announced that under the terms of the agreement, the brotherhood and AFL unit would co-operate fully with each other in all matters pertaining to the representation of shop employees of the Pennsylvania Railroad.

The Brotherhood of Railroad Shop Crafts is composed of machinists, electricians, car men, sheet metal worker pipe fitters, blacksmiths, firemen and oilers. Local No. 40 of New Castle is included in the new affiliation.

MAN OVERCOME BY HEART ATTACK DRIVING HIS CAR

CHARLEROI, Pa., April 13.—(INS)—John Wrabel, 37, of Daisytown, was dead today, the victim of a heart attack as he drove his car.

Wrabel died shortly after leaving friends to take a ride in the hope of overcoming a sudden "sick spell," Deputy Coroner Ruth Eckert of Roscoe reported.

The car, with the dead man be-

hind the wheel, started careening wildly down a long grade, crashing into the house and overturning 100 feet away.

Wrabel was thrown clear of the machine before it overturned. A widow and two children survive.

North America's only bolt factory in 1839 was at Marion, Conn., the proprietor being Micah Rugg, former blacksmith of the town. His source of power was a bull which walked a treadmill to operate the forge bellows.

Britain Aware Of War Danger

By JAMES E. BROWN
(U. S. Staff Correspondent)
LONDON, April 13.—(INS)—
Britain will spend \$2,400,000,000
on the Navy, Army and Air Force
this year and \$28,000,000 has been
allotted for civil defense.

These are impressive figures for
a country of England's size and
population, and they accurately re-
flect British awareness of the dan-
ger of war.

This might be described as a
national feeling, although an actual
"shooting war" may be remote, the
possibility of such a conflagration
seems to increase daily.

The war feeling in Britain today
is surprisingly similar to what
this correspondent found in Poland
in 1939.

The Poles then felt they were
victims of their own geographical
position—caught in the middle be-
tween the two giants, Germany and
Russia.

The British today complain that
they are caught between America
and Russia.

Senate Approves McCabe As Federal Reserve Chairman

WASHINGTON, April 13.—(INS)—
The Senate has confirmed the
appointment of Thomas B. McCabe,
of Philadelphia, as chairman of the
Federal Reserve Board.

The action came after Southern
senators protested that a South-
erner should have been named to the
post.

In a standing vote, Southern
senators were divided over Mc-
Cabe's appointment to the 14-year
term.

Sen. Fulbright (D) Ark., spear-
headed the opposition with refer-
ence to "gratuitous advice" from
the North about civil rights in the
South. He was supported by Sens.
Hill (D) Ala., Russell (D) Ga.,
Johnson (D) S. C., Stennis (D)
Miss., and Holland (D) Fla.

Sentence Informers In Burglary Ring

PHILADELPHIA, April 13.—
(INS)—Two men whose testimony
sent 27 of their erstwhile partners-
in-crime to jail today began seven
and one-half to 15 year prison
terms for burglary.

The men, John Tillman, 22, and
Sherman Lucas, 26, belonged to a
gang which netted more than a
quarter of a million dollars in loot
from 300 robberies, according to
police.

They were captured last year
and gave police information which
led to the arrest and convictions of
27 other members of the gang,
according to Detective Inspector
George F. Richardson.

Judge Harry S. McDevitt sen-
tenced Tillman and Lucas to
Holmesburg prison when he learned
that the other 27 were in East-
ern State penitentiary.

THEN I THOUGHT I'D TRY HOLDING MY PAPER UPSIDE DOWN ON HIM

Around Hollywood

By FRANK NEILL
(International News Service Staff Correspondent)

HOLLYWOOD, April 13.—(INS)—
Eve Arden lost a pair of slacks
today because of a pack of wolf-
whistles.

The blonde actress marched onto
the set of a new picture wearing
startling leopard-skin. The duds
had been especially concocted for
Miss Arden by Designer Milo An-
derson.

They were the kind of slacks that
would make a normal man look
twice.

The grips and electricians and
prop men on the sound stage did
more than ganderize Miss Arden's
attire.

Really Meant It

They let loose a full blast of
whistles that would make New
Year's eve on Times Square sound
like a morgue.

Mike Curtiz producer and direc-
tor of "My Dream Is Yours" was
impressed. He studied the astound-
ed actress for a moment. Then he
hollered:

"Those pants will detract from
the scene! Go climb into some-
thing not so fancy."

Miss Arden reappeared in a few
minutes. She was not happy. She
tugged at a pair of plain green
slacks and said:

"Did you hear the silence that
greeted these things? They're just
another pair of pants."

Very Gratifying

"This is the first time in my ca-
reer that I've been thrown by a
leopard skin. But I'm going to buy
those other slacks from the studio
for my personal wardrobe."

"A gal would be telling a down-
right fib if she said she didn't like
to get wolf-whistles."

And Milo Anderson frustrated
victim of it all sighed:
"I wish I had never heard of a

leopard. Who'd have thought the
little beast could raise such a
ruckus. In echinocolor too!"

This and That

Off the cuff: John Carroll who
got bumped off in his last four
movies will remain on his feet
throughout "The Blue Lady" at Re-
public. He has been shot to death
in recent films by Albert Dekker,
Broderick Crawford, Bruce Cabot
and Vera Halston. In "The Blue
Lady" Carroll gets clubbed uncon-
scious but manages to survive.
Rod Cameron learned today that
fire destroyed his ranch near Acapulco,
Mexico, killing one man and
100 head of cattle.

Wants To Write

Shirley Temple says she wants to
write a daily Hollywood column.
Douglas Kennedy, who was presi-
dent of the Amherst glee club be-
fore he turned actor, gets to sing
on the screen for the first time in
"One Sunday Afternoon," his
19th picture. Adele Mara, war-
time queen of the pin-up gals, will
make a beautiful-but-broke bride
for some feller. When she gets
hitched she'll give all her film
earnings to her parents because,
she said: "I thoroughly believe a
husband should support the wife."

'Sunshine Editor' Home With Birds

Like the robins and wild geese,
James P. Caldwell, "sunshine edi-
tor" of The News, is back home
for the summer. With Mrs. Cald-
well he returned from his annual
hedge to the land of sunshine,
Florida that is, and until the snow
begins blowing next winter he will
be at home in New Castle.

Mr. Caldwell, who is known as
Deacon Dobson to his friends, has
been an unofficial ambassador of
Cupid in St. Petersburg for many
years. The rumor is that he has
enticed a number of northern
bachelors to the famous green
benches in St. Pete and in many
cases the bachelors have left the
green benches committed to a life
in double harness. It must be the
sun.

You can help lock the door against cancer

This is a story about a door and two keys. The story
will have more point if, first, we state three facts:

- Every 3 minutes an American dies of cancer.
- 25% of those who die could have been saved.
- Many cancers can be cured—if detected in time.

Now here is the story. A door can be built to repel
this deadly killer, but the door locks only if two

keys are turned. Science holds one key. Your
money can provide the other.

Your dollars support cancer research which
some day may find the causes and cure of the dis-
ease. Your money supports an education program
that teaches men and women how to recognize
cancer in its early stages, when immediate treat-
ment can save their lives.

Won't you help us lock the door? Give as gener-
ously as you can. Give more than before. Give to
guard those you love.

PNG Members To Get Service Pay For Training

HARRISBURG, April 13.—(INS)—
Pennsylvania National Guards-
men will receive service longevity
pay for attending weekly training
periods under legislation signed by
President Harry S. Truman.

Longevity pay previously was
limited to training at the 15-day
summer encampment on the In-
diantown Gap military reservation.
State Adjutant General Frank A.
Weber said the pay amounts to
a five per cent increase over base
pay for each full three years of
service in the PNG or other com-
ponents of the armed forces, in-
cluding active and inactive re-
serves.

Guardsmen get the equivalent of
a full day's army pay for each of
48 two-hour weekly training pe-
riods and the summer practice
period.

Weber said the new act increases

allowances of PNG general officers
who previously received \$500 a
year. The sum will be boosted to
\$1154 for attendance at the 43
weekly drill periods and the sum-
mer encampment, he added.

Annual sampling of the age
composition and abundance of the
chief races of herring for the
Alaska herring fisheries has en-
abled the Fish and Wildlife Ser-
vice of the U. S. Department of the

Interior to set catch quotas in
each district which will prevent
depletion of the spawning stocks
and stabilize the annual yield.

Eakin Preparing For Primary Day

Chief Clerk Preparing For
Semi-Annual Rush Of
Work For Elections

OTHER EVENTS IN COURT HOUSE

Two weeks from today the primary election will take place in Lawrence county and the preparations for the day are already under way by Chief Clerk William A. Eakin.

Each precinct get a supply of ballots, book of instructions, tally sheets, voters' identification slips and other material. Each of the boxes has to be filled ahead of time and delivered a day or two ahead of the election.

In his twenty years of experience as chief clerk, Mr. Eakin has handled about two million ballots, thousands of tally sheets and has filled election boxes so often that by now it is a habit.

As soon as the ballots arrive they will be bundled by precincts and the other material made up for the boards of the 99 precincts in the county.

PRR TO EXTEND TELEPHONE SYSTEM

PHILADELPHIA, April 13. —(INS)—The Pennsylvania railroad announced recently it will extend its train-to-train, locomotive-to-cabin car, and train-to-lower continuous telephone communication system.

This communication system, already the most extensive in the world, will now be continuous to Columbus and Sandusky, Ohio.

This line is an important artery for coal trains moving from mines to the Great Lakes for transshipment. By increasing the facility of communication, the train telephone will provide for more efficient dispatching and fewer train stops.

Speed Up Stream Pollution Plans

HARRISBURG, April 13. —(INS)—Reorganization of the State Health Department's engineering bureau today heralded a speedup in Pennsylvania's drive to end stream pollution.

Secretary Norris W. Vaux said the reorganization would consolidate forces and pave the way for more effective administration of the multi-million-dollar campaign.

Into Four Units

The bureau will be divided into four units supervised by H. G. Knox, of New York, prominent engineer and head of the navy construction corps when he resigned in 1920.

His appointment was announced earlier by Gov. James H. Duff.

H. E. Moses, director of the bureau for the past 11 years, will be named consulting chief engineer and J. R. Hoffert, assistant director, will succeed him. L. D. Motter, district engineer since 1923, will succeed Hoffert.

Vaux was enthusiastic over the reorganization and predicted pollution in the Schuylkill river watershed "will be practically eliminated" as a result of silt reclamation and dredging.

Protest Failure To Pay Fire Fighters

SOMERSET, Pa., April 13. —

(INS)—The Somerset County Fireman's Association had attacked the State Department of Forests and Waters for refusing to pay volunteer firemen for fighting forest fires.

Edwin Barefoot advised the association that the joint legislative committee of Somerset, Bedford, Cambria and Blair counties has asked the state to compensate

firemen for making runs to forest and grass fires.

The state has advised firemen that the only way they can receive pay for forest fire duty is to become registered fire fighters, under a paid state warden.

Billy Meyer Secured As Main Speaker At Banquet

Pirate Manager

Testimonial Will Honor "Chiefs" At Cathedral, April 21

New Castle baseball fans will get to hear what Billy Meyer, newly appointed manager of the Pittsburgh Pirates, has to say in regard to his new charges, at the big testimonial banquet the New Castle Booster club is tendering the "Chiefs" of the Mid-Atlantic league at the Cathedral on Wednesday, April 21.

This will be the first public speech by the new Pittsburgh manager, and no doubt the fans will hang on his every word. Meyer recently managed the Kansas City club of the American Association, a New York Yankee farm. He helped develop several players now with the Pirates—Forrest Main and Mel Queen being two of his pitchers with the Kansas City team.

Meyer is one of the finest veterans in the game today and the fans are pulling for him to bring Pittsburgh in a "winner".

Secures Speaker

Arrangements for Meyer to appear at the New Castle banquet were made by Thomas Johnson, a former New Castle young man, who is now one of the owners of the Pirates and is secretary and treasurer. Incidentally, Johnson will be here also on the night of the banquet as a guest.

Confirmation of that Meyer and his Pirate "family" will be here for the dinner was made in a telephone conversation between Richard E. Reetz, general chairman of the banquet, and Johnson. Johnson was very happy to cooperate with the Boosters in making the dinner a big success. Johnson incidentally is one of the new owners of the Bogs and Buhl store in Pittsburgh.

Also in the Pirate party coming here to help the Boosters put over the gigantic testimonial is Roy Hamey, general manager, and Al

Schlensker, assistant treasurer, and no Pirate party would be complete without the great all-time shortstop, Hans Wagner.

May Secure Kiner

An effort is being made to try and induce Ralph Kiner, the young home-run king of the Pirates, to accompany Meyer and the boys here for the banquet. Kiner is a left field fixture in Pittsburgh and is expected to break Ruth's home runs before he is through. He hit 51 last year to tie Johnny Mize of the Giants. Kiner is a bashful fellow, and not much on speech making, but if he comes here he will be called on for a few words.

New Castle is very fortunate in securing these notables for the banquet that honors the New Castle club and the new owners here.

Boosters Elated

The Boosters held another meeting in the Castleton Hotel last night and were elated at the prospect of getting Manager Meyer of the Pirates here for a speaker. Ticket sales will no doubt take a decided jump now. The ticket committee is headed by Robert Mills and the following are helping out: Humphrey Richards, Bill Sands, Harry Mottinger, Rev. Fr. John Unger, Sam Frank, Joseph Dougherty, Ben Presser, Wes Mann, Austin Cowmeadow and Bill Mooney. Tickets may be secured from any of these men or from the designated spots.

William "Bill" Francis, well known local auto dealer has been secured to toastmaster the banquet and has accepted the job. The Boosters will meet again Friday night at 8 o'clock at the Castleton and will lay out a banquet program as well as check on tickets.

'Chiefs' Again Are Weather Victims

The New Castle "Chiefs" were victims of the weather again today as the rain came down in torrents and spoiled another practice session at DeShon Annex field, set for one o'clock.

General Manager Smith announced another try at a practice session for Wednesday at 11 o'clock, and hopes the field will be dried out by then.

Gus 'Little' Five, Hoovers, Thompsons Win Monday

Semi-Finals In Junior Tourney Wednesday Night

Red-Hot Battles Monday: Eagles Vs. Gus 'Little' Five, Hoovers-Thompsons Wednesday

New Castle basketball fans who saw the junior tournament games at the "Y" last night are still talking about the thrilling contests, as the Gus 'Little' Five, Hoover-Sno-Tops of New Castle, and Thompsons of New Wilmington, roared into the semi-final round with stunning victories.

Wednesday evening the semi-finals will be run off as follows: 7:30—New Castle Eagles vs. Gus 'Little' Five; 8:45—Hoover-Sno-Tops vs. Thompsons.

The first game last night was the closest with the Gus 'Little' Five edging the East Brook Brookers 27 to 26, paced by the clever "Harp" Janacone with 12 points. The Brookers had a chance to win the game in the final 19 seconds but could not connect with the hoops. Smith and Bill Pontius paced the Brookers in scoring, and played fine ball. Paul Cuba, in offensive attack, the Gus team, in offensive attack. At the half the Gus team led 20 to 15.

Hoovers Surprise Ricks

The Hoover-Sno-Tops in the second game handed the Rick Panthers a surprise 34 to 22 defeat, led by the flashy Don Black who had 16 of the 34 points. Wayne Fullerton with seven points also helped the Hoover cause. Don Walters led the Ricks in tallying with eight points. At the half the Hoovers led 17 to 12. Black was a brilliant player last night in this "grudge" battle. The Ricks tried hard and trailed only two or three points for the biggest part of the battle.

Thompsons Wallop Foes

The surprise "darkhorses" of the tourney the Thompsons of New Wilmington, made up for the most part by the New Wilmington High team of the past season, wallowed the Figo-Phillips team 68 to 38 in the final game on the card. The Thompsons led by Mitch Bennett with 21 points and Tom Byler with 19 and Tom Hutchison with 18 made merry with the local quintet, leading at the half 30 to 16. Best for the losers was Richards, Ross and Kanagy. The Hoover-Thompson battle Wednesday will be a real thriller.

Jimmy Dart, director of the tourney, announced that the trophies are now on display at the Gus Store, and are drawing a lot of praise, and comment by the fans.

Pirates Seek Opening Hurler

FORT WORTH, Tex., April 13.—(INS)—The Pittsburgh Pirates were still looking for an opening day pitcher today after little Vic Lombardi failed to impress in a losing effort against the Fort Worth Cats of the Texas league.

Lombardi went further than any Pirate pitcher to date. After giving up three runs in the first two innings, he settled down and pitched shut out ball until he weakened in the ninth and gave up three more tallies. The final score was 6-5 in favor of the Brooklyn double "A" farm club.

It appears now that Manager Billy Meyer may choose between Hal Gregg or Kirby Higbe for his opening day hurler against Ewell, "The Whip" Blackwell in Cincinnati next Monday.

Softball Umps Meet Tonight

There will be a meeting at the "Y" tonight of the City Softball league umpires at 8 o'clock. This is a very important meeting. Matters discussed at the last meeting will be for final passage.

DECARBOS TO WORKOUT

The DeCarbo baseball team of the American Legion League will hold a practice session this evening at the DeShon Annex field beginning at 5:30. Manager Nick George requests all players to report on time. Any young player desirous of playing with the team is also asked to report.

A Los Angeles City College student, Garvin Smith, last year set a new record of 3.4 seconds for the 20-foot rope climb.

HERE AND THERE IN SPORTS' LAND

LAWRENCE COUNTY SPORTSMAN'S ASSOCIATION will meet tonight for the last time in the courthouse. One week from tonight the members will enjoy a social session in the Ecclesian hall. No smoking was permitted in the courthouse. This is said to have kept some members from attending the meetings, hence the change in meeting places. It is anticipated that at tonight's meeting the latest trout information will be made available because the season arrives Thursday. . . . City Baseball league will meet at Carm DeLeone's Thursday night. Franchise money will be posted and rules adopted. . . . More than 80 percent of the teams which participate in the sanctioned 48 state championship tournament in July will represent towns of 5,000 or less population, the national baseball congress reported today. The city league plans to send its first-place team to the East Liverpool play-offs this summer. . . . Death of Dr. Jock Sutherland shocked many people here, especially those whom played football under his direction. For years coach at Pitt, he left that institution and later performed a miracle in rebuilding the Pittsburgh Steelers. . . . Frankie Moran, New Castle welterweight, is training in the Locustian gymnasium, Ellwood City, for his Girard, O., April 20 battle. . . . Teams which hold practice sessions should select certain nights, and notify players to that effect. As a result of this plan it will be unnecessary to print notices every day. Space is too valuable for repeat notices. . . . After an eight year absence Union Speedway will welcome back the modified stock cars April 25. There will be three 10-lap qualifying heats, starting at 2:15 p. m., a five-lap consolation event and the main event, a 30-lap feature sweepstakes, according to Sam Nunis. . . . The inaugural AAA big car race will get underway at Williams Grove, Pa., April 17.

Briefs From Major Camps

(By International News Service)

The St. Louis Browns, who were consigned unanimously to the American league cellar berth for 1948 when all their stars were sold during the winter, continue to give indications that they will be far from doormats.

Bryan Stephens, obtained from Cleveland in one of those deals, pitched the Browns to a 7 to 1 romp over the Tyler team of the East Texas league yesterday.

Russ Christopher, another off-season transfer from the Athletics, was credited with Cleveland's 6 to 5 win over the New York Giants. The Giants failed to hit a home run for the first time in 13 games.

Hall Looks Good

The Brooklyn Dodgers, who come home today with a record of 25 straight victories but none of them against major league opposition, uncovered a promising hurler in John Hall, Mobile rookie who beat Baltimore 11-8 thanks to a ninth-inning grand slam homer by Gil Hodges.

The Phillies nosed out Washington, 4 to 3; the St. Louis Cardinals shut out the Chicago Cubs, 6 to 5; and the Boston Red Sox lost again, this time to Cincinnati, 9 to 2. Detroit downed Little Rock, 7 to 2.

The New York Yankees smothered Birmingham, 12 to 1. The colorful Yogi Berra, brilliant but brittle catcher of the Yanks, split a finger for his third injury of the spring.

Sutherland Is Laid To Rest

Pittsburgh Steeler Players As Pallbearers For Famous Coach In Funeral Today

By CARL A. ROGAN (International News Service Staff Writer)

PITTSBURGH, April 13.—Dr. John B. Sutherland, who came to America 41 years ago from Scotland to carve his name in football immortality, will be laid to rest today at Pittsburgh.

Funeral services for the famed grid mentor, head football coach of the Pittsburgh Steelers of the National Football league, will be held at four p. m. at the First Calvary-Episcopal church, with Dr. Lauriston L. Scaife, rector, in charge.

Players As Pallbearers

Burial will be in Homewood cemetery. Pallbearers will be members of Dr. Sutherland's 1947 Pittsburgh Steelers, his greatest team during the four years he coached in the National Football league. They will be Charles "Chuck" Cherundello, William "Red" Moore, Jack Wylie, Val Jansanto, Steve Lach, Ralph Caccagne, Johnny Mastrangelo, Frank Sinkovitz and Charles Mehelich.

A guard of honor of the Varsity Lettermen's club of the University of Pittsburgh, where the 59-year-old coach gained much of his gridiron fame, will be present throughout the day as the great coach lies in state. Football stars who carried Pitt to glory under Sutherland will comprise the guard.

Biddle-Baxter On Edge For Wednesday Night Go

Rival Middleweights Reported On Top Condition For Return Match; Izzo-March Fight Looks Good; LaGrew Meets Mason; Gibbons Vs. Hullson.

Can an ex-soldier blast an ex-sailor into pugilistic oblivion, or vice versa? This riddle will be answered when Russell Baxter, the ex-artilleryman battles Jack Biddle, ex-gob, in an eight-round return fight at 8:30 p. m., Wednesday in The Arena. Baxter won the eight round in their first battle. There will be four other bouts, everyone of which appears brimful of action. The Jefferson Athletic club is promoting the punch carnival.

Having fought several times recently, both rival middleweights, are in condition. Baxter won a six round decision from Al Sayers at Ellwood City and lost to Jack Burke at Minneapolis, when a punch cut his mouth. Biddle was outpointed by Peter Graham at Toledo, although Jimmy Dunn expressed the opinion Biddle deserved the decision. Later Biddle went to Roanoke, Va., where after a tough fight, he won on a foul from Teet Montooth in the tenth chapter.

Both are reportedly in the pink for a grueling bout, and if the return "go" is as lively as was their first encounter, fistie fandom will be satisfied. It was a tough grueling affair. Baxter's rapier-like left paved the way for some rights to the jaw. Biddle fought from a crouch and tried hard to get close enough to nail Russ with his deadly left hook. However, it usually landed either too high or lacked sufficient steam to visibly bother Baxter.

Cheer Throughout Fight

However, while Baxter won the decision, it doesn't mean that the battle was not as it should have been. In fact, according to the write-up the next day, the fight was one of those fights read about, but seldom seen. As early as the first round the action caused the fans to cheer, and they were still cheering at the end, and tonight's fight may prove a repetition of the first fight—excepting the winner will not be known until the last punch is unfurled.

After a steak dinner tonight both will go through the "drying out" process to keep down weight. A poached egg, or two, and a bowl of tea in the morning will last them until they weigh in at three o'clock Wednesday. The weight agreement is 160 pounds. After the weighing in, prelicity, they'll go to bed and rest until they are summoned to the ring to settle the issue as to "Who's Who among New Castle Middleweights."

Semi-Final Looks Good

The semi-final of six rounds between Johnny (Simber) Izzo of Martinsburg and Sonny Marsh of Niles, looks good because both are sluggers. Marsh has fought many sterling amateur bouts here, and recently turned professional, with Jimmy Dunn of Cleveland, as his trainer. Just how much he has been developed remains to be seen. However, fans can count upon a fight. Both like to slug, and slug it will be tomorrow night, at 160.

Tommy Leach, matchmaker of the JAC likes Bobby Mason, of Youngstown, so much, in fact, he mated him with Lionel LaGrew of Cleveland, another Dunn-tutored fighter. Mason has shown here as an amateur and he, like others who waded to earn more money, "turned pro." Tommy believes he will give LaGrew a good fight. Lionel boxed twice at Flaherty field last summer, and in each occasion, made a hit. He won one, and was shaded, according to officials, the second time he visited

New Wilmington Defeats Shenango

New Wilmington High defeated Shenango High yesterday in a Section 7 WPIAL game at Shenango High's field, 3 to 0. R. Young on the mound for the college towners applying the whitewash brush on a swell pitched four-hitter. The losing hurler was Tanner. Shenango plays at home Thursday with Union in a league game.

Score by innings: R. H. E. N. Wil. . . . 010 200 0—3 5 1 Shenango . . . 000 000 0—0 4 5 Batteries: Shenango, Tanner and Getchy; New Wilmington, R. Young and Rapson.

Canfield Racing Opens April 14

Within two weeks the curtain will be thrown up on the 1948 Mid-gate Auto Racing season at the Canfield Fairgrounds when the A.A.A. will resume the sanction of all mid-gate auto racing competition throughout the Michigan-Ohio area.

This circuit of mid-gate auto racing joins with Solder's Field in Chicago; 16th Street in Indianapolis; Walsh Stadium in St. Louis, Sisters' Lake, Anderson, Ind., Milwaukee State Fairgrounds and many others throughout the entire United States.

There will be more than 50 nights of mid-gate auto racing competition each week throughout the United States featuring A.A.A. mid-gate auto racing to determine a mid-gate national champion.

BIVINS WINNER IN 7TH BY TKO

PHILADELPHIA, April 13.—(INS)—Cleveland's Jimmy Bivins left little doubt today of his ring superiority over Bill "Chicken" Thompson, of Philadelphia.

Referee Charley Daggert interfered to credit Bivins with a TKO in the seventh round last night after the Clevelander had floored Thompson no less than half a dozen times at the arena.

The Chicken, at 176, took nine counts in the first, fourth and seventh rounds. In the third round he visited the canvas twice, taking a six count and an eight count. Daggert called the bout off when Thompson went canvased a second time in the seventh frame.

Marathon—the famous money saving tire is back in the Goodyear line—and a better "buy" than ever! Back with the economy, long mileage and safety—the extra value for your dollars that made Marathon the favorite of millions of motorists before the war... back with more and stronger cords in the rugged tire body for even greater protection against tire failure. Look at these features...

LONG WEAR—New specially treated cords and newly compounded rubber make Marathon the tire that "runs and runs and runs".

NON-SKID SAFETY—Those famous Goodyear diamond blocks really grip the road. You get safer, quicker stops—especially on wet, skiddy roads.

"COMPACTING TREAD"—Inflation forces the sidewall out, compacts the tread. This reduces tread wear, punctures, bruises and breaks.

For a really sensational "buy" in tires, see us for Marathons today! And remember "new tubes save tires".

Convention Set For Ellwood

Christian Endeavor Host Of County Will Meet

Christian church of Ellwood City will host to Lawrence County Christian Endeavor's spring convention on Friday evening, April 16. The theme of the convention will be "Peace through Christ."

The convention will open with a banquet at 6:30. Rev. Howard W. Edgar, Oakdale, Pa., member of board of directors Pennsylvania Christian Endeavor Union will act as toastmaster and also present several magic tricks. The song leader will be Rev. Howard Redmond, Mahoningtown Presbyterian church. Miss Leora McCommon, Volant, Pa., will be pianist. Members of the Bessemer Presbyterian Christian Endeavor Society will provide a comic skit at the banquet.

The evening program opens with a song service at 8:15 followed by a worship service conducted by Mahoningtown Presbyterian Society. Election of county officers will follow with the installation service to be conducted by Frank

lin Montag, Butler, also a member of the board of directors of Pennsylvania Christian Endeavor Unit. D. Charles Davies, Pittsburgh, first vice president, Pennsylvania Christian Endeavor Union, will bring the evening challenge on the theme, "Peace Through Christ."

URGE ITALIANS TO BEWARE OF TRICKS

NEW YORK, April 13.—(INS)—The Italian-American Labor Council announced today that it has cabled the Italian people to beware of "Communist or NEO-Fascist tricks" in the Italian elections this Sunday.

The message was sent immediately following a special conference of 300 American labor leaders of Italian origin, both CIO and AFL, as an "11th hour" appeal.

YOUNG PEOPLE ELECT NEW WILMINGTON, April 13.—Joan Thomas was elected president of the Young People's society of the United Presbyterian church at the annual election Sunday evening. She succeeds Ralph Buchanan, who served for the past three years.

Other new officers are: Gwendolyn Sloan, vice president; David Boyd, treasurer; Ann Harris, secretary; Wallace Downs, Gwendolyn Sloan and Ralph Buchanan, executive committee; Shelley Thomas, reporter.

Local Mezzo-Soprano Heard In Hollywood

Miss Julia Johns, a New Castle mezzo-soprano who some time ago located on the west coast, is being heard more and more in concert. Recently she was the soloist for an "Easter Evening of Songs" at the Hollywood Community Sing and has made other appearances.

After graduating from New Castle high school she studied in the Curtis Institute of Music in Philadelphia and was selected by the National Music League of New York as the "most promising artist of the moment."

VFW Post Here To Honor Commander

Members of Neshannock post, No. 315, Veterans of Foreign wars will give a banquet in honor of Frank C. Hilton, commander of the Department of Pennsylvania, at 6:30 p. m., May 22. It will be the first time a banquet has been held for a department commander. Persons who desire to attend are now seeking reservations which are being accepted by Albert Shook and Frank Sargent at post headquarters, East Washington street.

VFW Convention To Be Held In July

Veterans of Foreign wars convention will be held July 7-10, inclusive, at Pittsburgh this year according to announcement today. Many members of the local VFW posts plan to attend the meetings.

TONS OF MUD WRECK HOMES

STREUBENVILLE, O., April 13.—(INS)—Five families were homeless today, after being forced to evacuate two houses in Steubenville which were wrecked by tons of mud.

The mud, washed loose by water from abandoned strip mine gullies, moved down a hillside and moved the two houses off the foundations. Basements of about 20 other houses were flooded.
